

PANARAB LEASING COMPANY

OUR SERVICES

Just choose a vehicle or fleet of vehicles from the wide selection of brand new models, makes and classes from the authorised dealers available through our lease programs.

PanArab will then make an offer on the vehicle or fleet of your choice. The offer will include a monthly instalment, with or without down payment, over a one, two, three years or more terms. The monthly instalments will include, with absolutely no additional cost to the owner

1. Full coverage insurance.
2. Licensing and registration.
3. Full maintenance and repairs including (labour and all spare parts).
4. Replacement car in case of accident or breakdowns.

Our Services Are Very Flexible:

- Extraordinary leasing instalment from 25% up to 30% of the purchase price of the item to reduce your instalment
- Choice of long-term repayment of lower amounts; reduce your installments by extending the term of the leasing (up to 36 months)
- Residual value – select a higher residual value which will reduce your instalments throughout the term of the leasing; the residual value will be settled upon the termination of a leasing contract when its actual value is considerably lower than at the beginning of the leasing.

Leasing Options

Lease To Own

1. Minimum down payment of 25-30%.
2. Full coverage insurance, for the duration of the lease period.
3. Registration, licensing for the duration of the lease.
4. Lease duration from ONE to FIVE years.
5. Suits individuals more.

Option Lease To Buy

This arrangement allows you to lease a car for at least one year with no down payment. You can have the option of owning the vehicle by paying the residual value at the end of each year of the lease term. Arrangements can also be made to settle the residual value by making instalments that will allow you to own the car at the end of the lease period if you choose to do so.

Our Monthly Installments Will Include:

1. Registration, licensing for the duration of the lease period.
2. Full coverage insurance, for the duration of the lease period.
3. Full Maintenance & Repairs (Including all labour charges & parts), for the duration of the lease period.
4. Replacement of the vehicle in case of accident, breakdown, or upon request, for the duration of the lease period.

Advantages Of Option-To-Buy:

1. The ability to change the fleet whenever you want.
2. Extending the lease at the end of the lease period.
